SUBJECT: Information on Sam GIANCANA

[REDACTED] for information that they might have on Sam GIANCANA. The Department of Immigration is under the Secretariat of Gobernación, so it was believed that they might have some information on GIANCANA. [REDACTED] never received a reply to this request. [REDACTED] however, [REDACTED] told [REDACTED] that the Government of Mexico (GOM) was expelling GIANCANA from the country, to the United States, within 24 hours. (S)

In meetings [REDACTED]

[REDACTED] brought up the subject of GIANCANA. The [REDACTED] said that the local immigration authorities had been seeking GIANCANA because he was in the country illegally. They finally located him in July, arrested him on the spot, and deported him the following day. The expulsion was not carried out on the basis of any specific information supplied by the US Embassy, nor were there any indications that he was engaged in any criminal activity here. Rather it was an internal GOM decision to expel an unwanted alien who was living illegally in Mexico. (S)
